

SUNBELT
RENTALS®

TOOLS

WE'VE GOT THE TOOLS TO MAKE IT HAPPEN.

From a renovation job to major construction projects, a spot of DIY to a garden makeover, we've got the tools to make it happen. Our vast range includes compaction equipment, breaking, drilling, cutting, concreting and low-level access equipment to dust extraction products, power and lighting, pumps, gardening equipment and much more.

Through our supply chain of leading manufacturers, we will ensure you have access to the safest, most innovative and eco-friendly tools and equipment. So, whether you're a contractor, builder, painter and decorator, landscape gardener - or even a homeowner - we'll equip you for any job.

Equipment can be hired or purchased from our tools depots nationwide and we offer same day delivery or collection.

PRODUCT RANGE

BREAKING, DRILLING AND FIXING

From small to heavy duty breakers, to cordless drills, rotary hammers, nail guns and impact wrenches, and more. Our range is extensive and innovative, with products that will improve efficiency, reduce the risk of HAVS and increase site safety.

SITE SAFETY & SECURITY

Our range of Mobile Tool Vaults and Work Stations will enhance safety and storage on site. Work stations provide a safe place to carry out cutting lengths of conduit, timber, cable tray and pipe, while tool vaults are available in a range of sizes for safe, lockable storage solutions.

In addition we have a range of hand sanitation units for increased site hygiene, to help meet the changes of the modern world. Accessories such as dispenser refills and wipes can be purchased from our tool hire depots.

CONCRETING AND COMPACTION

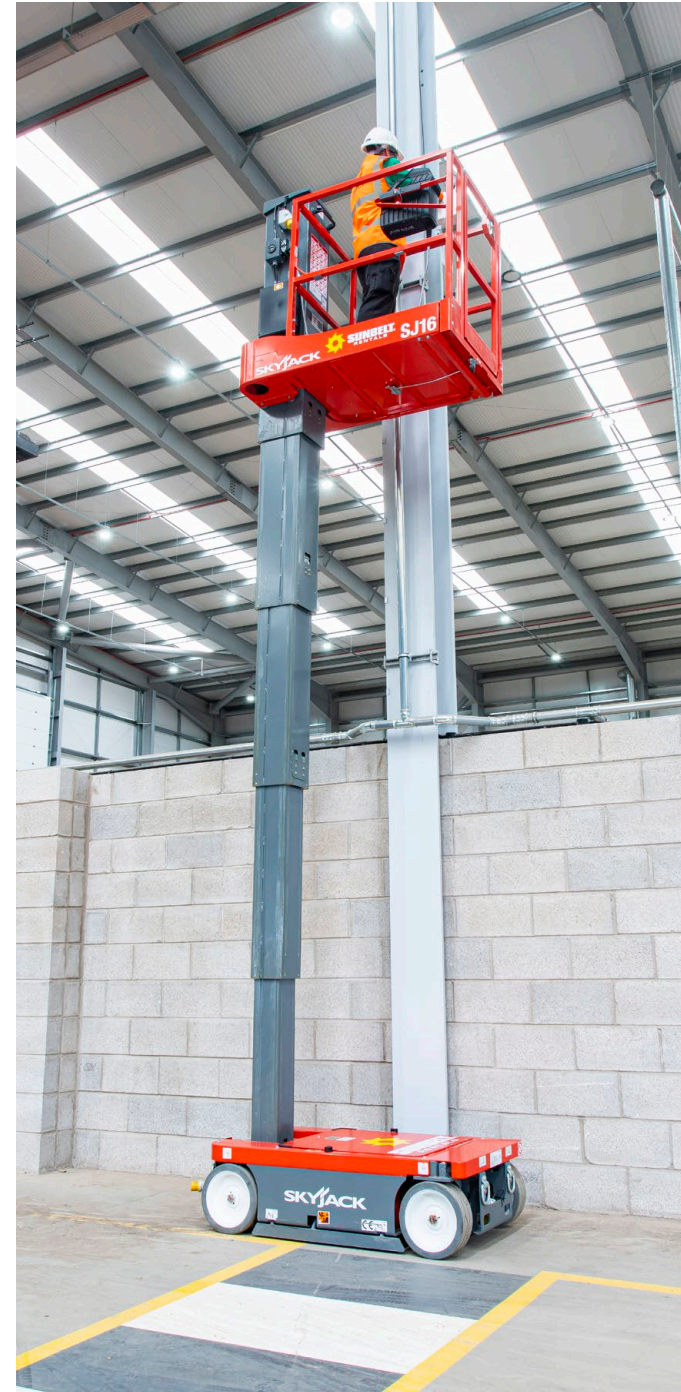

Whether you're laying a patio, building an extension or carrying out extensive site work, we have a huge fleet of equipment available. Our concreting and compaction tools include whacker plates, floats, mixers, pokers, rebar benders, cutters, rammers and more. You need it? We've got it.

CUTTING, GRINDING AND SURFACE PREPARATION

Our equipment allows you to be precise, accurate and safe. With angle grinders, chop saws and disc cutters, to floor planers and sanders, all available for immediate hire, we have all the tools you need for cutting, grinding and preparing surfaces.

NON-MECHANICAL AND LOW-LEVEL ACCESS

Falls from height remain one of the biggest causes of fatalities and injuries in the workplace. So to ensure you can work safely from any height we have a range of scaffold towers, podium towers and low level access platforms to suit all working environments.

DUST SUPPRESSION AND EXTRACTION

Construction dust can seriously damage your health, so we help you reduce the risks by offering products which limit exposure to dust. Our range includes dust extraction units, dust suppression water cannons and air cleaners.

The equipment is ideal for use during small demolition works, aggregate recycling or for the removal of tiles, plaster or paint.

POWER AND LIGHTING

We offer a range of temporary power equipment, including portable generators, transformers and the latest hybrid power generators. Our mobile lighting range includes floodlights, festoon lights, tower lights, rechargeable LED lights and more.

PUMPING AND PIPEWORK

Our water pumps and pipework equipment will help deal with excess water, flooding, or just general maintenance. With an extensive hire fleet of centrifugal, diaphragm and trash pumps - as well as hoses, pressing tools, pipe benders, threaders and cutting machines our team can always help select the right the tools for your needs.

GARDENING AND LANDSCAPING

Whether it's landscaping, tree cutting, hedge trimming or general garden maintenance our range of gardening tools and landscaping equipment will help you get the job done safely. From lawnmowers, chippers, hedge and brush cutters, to leaf collectors, rotavators, shredders, strimmer's, tree pruners and woodchippers, you need it? We've got it.

ALL ABOUT INNOVATION

We invest millions each year in brand new equipment to make sure you have access to the safest, most innovative, and eco-friendly range of tools incorporating the very latest technologies.

We work together with some of the industry's leading manufacturers including Altrad Belle, Armorgard, Dustcontrol UK, Hilti, Makita, Power Towers, Pop Up and Wacker Neuson. We continually invest in new products and innovations from the latest cordless tools, LED lights and the safest low-level access solutions to equipment which minimises vibration, noise and dust.

DELIVERING SERVICE EXCELLENCE

Our expertly trained people will advise you on the best tools for the job. They're continuously trained on products, standards and delivering service excellence. That's why 99.29% of our customers rate us as 'Excellent' or 'Good'.

PROTECTING YOUR HEALTH

Hand-arm vibration syndrome (HAVS) can be a health risk when powered hand tools are used for long periods. It is potentially disabling and can seriously affect your working and social life. Once the damage is done, it's permanent. But it is preventable.

Many tools incur some form of vibration transmitted into the hands of users. But we're proud to offer some of the industry's lowest vibration equipment available. Our range includes tools which reduce vibration by up to two thirds compared to conventional tools.

SAFETY ALWAYS COMES FIRST

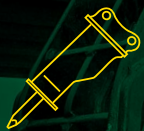

We always want to ensure the safety of our people and our customers. We'll make sure you have all the relevant safety and technical information for equipment you hire or purchase.
