**SUNBELT**  
RENTALS®

# We are Sunbelt Rentals

We are the UK's leading provider of rental equipment and managed services. We supply to the facilities management, construction, industrial, energy, infrastructure and events sectors.

Through our specialist business units, we deliver market-leading expertise, world class solutions, innovative technologies and sustainable ways of working.

We also sell equipment and our experts can be on hand to help you choose the right solution for your requirements.

## Leave the how to us.

Whatever your challenge, no matter how big, you can leave the how to us.

- Expertise in every market and sector
- Over 1.5 million items of equipment
- Nearly 200 depots nationwide
- Next day delivery to your UK site
- 360 Solutions - 24/7 365
- Sustainable solutions to help meet your commitments
- 3,700 team behind your team

# Did you know you can buy as well as hire from us.

Who better to buy off than the experts you hire off? Our wide range of quality equipment, tools, fuels and gasses has been handpicked, tested and approved by our sector product specialists.

You can choose from all the leading brands and order from thousands of stock items, with next day delivery to your site.

You're better off buying from us.

## ■ Consolidate suppliers and deliveries

Why give yourself the hassle and headache of dealing with multiple suppliers when we do it all? You can even consolidate your deliveries to save time, resource and fuel emissions.

## ■ We buy big so you could save big

Whether we're buying for hire or sale, we have great relationships with manufacturers, meaning you'll save by buying from us.

## ■ Fast delivery

Order from thousands of stock items with next day delivery, direct to your site.

## ■ Widest product range

Whatever the product, you can choose from a wide range of equipment, tools, fuels and gasses.

## ■ Chosen by experts

We only sell what our experts recommend, so you can be assured of top brand quality and sector suitability.

## ■ Full warranties

Everything we sell is covered by a full manufacturer's warranty, giving you lasting peace of mind.

## ■ Dedicated Product Sales Support Desk

Buy all your equipment, tools, fuels and gasses, with support from our highly experienced dedicated Sales Teams.

# Delivering everything you need.

Our Product Sales Team is your Product Sales Team. Here to fulfil your requirements from our National Distribution Centre, or locally at your local Sunbelt Rental depot, with next day delivery to reduce downtime.

## All you need, all in one

Getting everything you need all in one place doesn't just cut down on hassle and headaches, it can also reduce your carbon footprint through consolidated deliveries. It's good for you, it's good for our environment.

All of our 200+ regional depots stock a wide product range, alongside our hire fleet. While our National Distribution Centre holds thousands of stock items, many available for next day delivery.

## Consistent products and prices

Your Sunbelt Rentals Account Manager will work with you to agree pricing. This will be fixed across our entire network, giving you consistent products and prices, wherever your teams are working.

We supply:

### Capital equipment

Capital equipment are products such as plant machinery, which are a long-term investment to support productive operations.

They have an expected useful life of more than one year and are covered by a manufacturer's warranty

### Consumables

Consumables are products such as hand tools, which are a short-term investment to support daily operations

They have an expected useful life of less than one year and require regular replacement.

### LPG

Liquefied petroleum gas is a flammable mixture of hydrocarbon gases such as propane and butane.

LPG is used on site as fuel gas in heating appliances, cooking equipment and vehicles.

### Fuel

We sell a wide range of fuels for every application.

# Keeping your site safe, efficient and sustainable.

## Environmental Protection

We're all committed to looking after our environment and while accidents happen, it's essential to have the right products on hand to minimise the threat of pollution. We provide a full range of spill care protection including bunded trays, drain protection, absorbents for oils and fuels, chemicals and other liquids. If required, we can also perform a review of the tasks being undertaken to advise the most suitable solution.

## Electrical

Reliable power supplies are critical to ensuring projects are completed on time, every time. Which is why we've put so much energy into our range of options. Choose from 110v work lights to 415v transformers and extensions. We can power any requirement, from a single location to multiple sites across the UK and beyond.

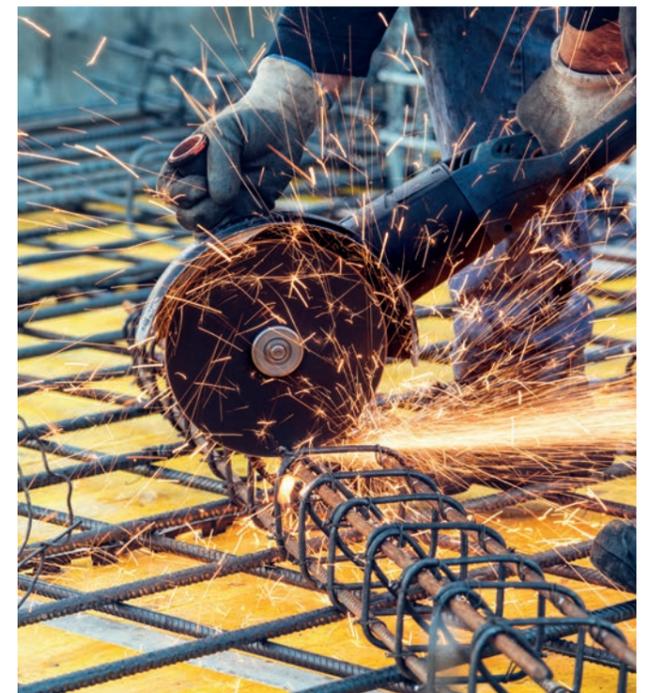

## Cutting and Drilling

To get the job done as effectively and efficiently as possible, it's essential to have products that are fit for purpose. Choose the wrong part and you can waste valuable time and money from unnecessary wear. That's why we provide ground-breaking technology from some of the world's largest and most respected manufacturers of drill bits and bonded abrasive discs.

## Hand Tools

Different jobs require different tools. Which is why we offer a huge range to choose from. Budget or premium quality. One-off or container load. We sell everything you need.

## Cleaning

A safe site is a clean site, free of dirt and debris. We offer a complete range of cleaning products for you to buy, from brushes and buckets to disinfectants and shadow boards. We can even source specialist products for you, to fulfil any extra requirements you may have.

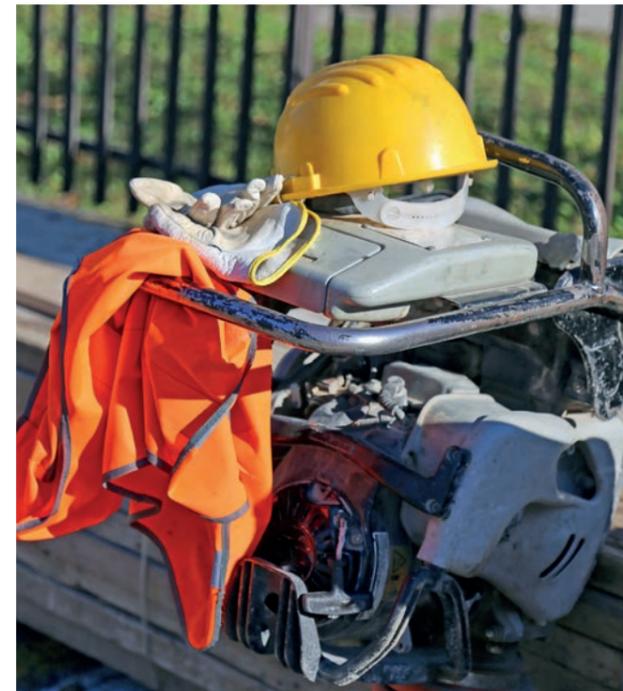

## Site set-up

We can help you set up your site to not only meet but exceed all current safety and legislative obligations. From preventative safety measures such as clear signage to reactionary products including fire extinguishers and first aid kits. Ensuring complete compliance from the day the job starts to the day it finishes.

## PPE

Making sure your employees get home safe at the end of every day is vital to you and us. Which is why we offer an extensive range of PPE equipment from some of the biggest names in the business. Giving everyone the best head-to-toe protection available, above ground, below ground, in the air and even offshore.

## Heating and Cooling

We offer one of the largest ranges of climate control equipment for sale in the UK. Sourced from some of the industry's leading manufacturers, our range includes air conditioning units, dehumidifiers and a wide range of heaters such as electric heaters, portable heaters and outdoor heaters. Available with rapid nationwide delivery, our experts can advise on the best climate control products to suit you.

## Survey Equipment

We stock one of the widest ranges of surveying equipment for sale in the UK. Our range includes total stations, 3D laser scanners, UAV's, theodolites, GNSS surveying equipment, construction lasers, levels, machine control equipment, utility detectors, survey and used survey equipment. We're a fully accredited authorised distributor and service partner of Leica Geosystems, and a channel distribution partner of both FARO Technologies and SPX Radiodetection.
