

## RCT250SL Radiant Ceiling Tile Heater - Wireless Controlled

The radiant ceiling tile heaters can be installed “invisibly” in a 600x600mm ceiling tile system or direct to a ceiling offering each office, showroom or corridor the maximum floor and wall space. With the integrated mounting system, the panels are easy to fit within any type of ceiling.

- 250W rating
- Compatible with advanced single zone controllers\* and run-back time controllers\*\*
- Can be installed in a ceiling tile system or directly on a ceiling using supplied brackets
- Automatic safety cut-out
- Insulated to reduce heat transfer to the ceiling
- Easy to clean
- Optimum mounting height: 2.5m
- Silent operation
- Finished in white

\* Advanced single zone controllers: CRXSL, SLTI and LC controllers

\*\* Run-back time control and thermostat: SLPB, SLVT, SLVTB, SLPIR and SLPBWP controllers
