Key Features

- IGBT MIG/MAG MMA inverter
- Digital Amp & Voltmeter
- High Duty Cycle
- 4 roll wire feed unit
- Advanced control circuitry
- Suitable for 0.6/0.8/1.0/1.2mm wires
- Burn back control & wire inching
- 2T/4T trigger function
- Power & status LED's
- Gas check function
- Variable inductance
- Inverter trolley takes full size gas bottle

Package Includes

Inverter power source, Trolley, 4 roll wire feed unit, 5 mtr Interconnecting cable, MIG welding torch, Earth return lead, Gas hose & regulator, Operating Instructions, 5 year warranty*

* 5 year warranty subject to product registration
